GENERATE ACTIONABLE INSIGHTS

FORTIFIED DATA

OPTIMIZE YOUR DATABASE

ENVIRONMENT WITH EXPERT ADVICE

Database Assessments powered by Fortified WISdom® generate a unique perspective into the capabilities and limitations of your data environment while providing you with actionable insights for making informed business decisions. Contact us to discover how an assessment will reveal insights that your business can decisively act upon to increase stability, improve performance, optimize spending, and empower the intentional growth of your technology.

KEEPING UP WITH DATA GROWTH

TARGETED INSIGHTS DRIVING REAL IMPACT
Fortified pinpoints and prioritizes the most impactful recommendations to create tangible value by reducing the total cost of ownership of technology.

ENHANCED STABILITY
Our assessments identify recommendations for your team to easily decrease downtime and strengthen the reliability of your database environments.

COST BENEFIT ANALYSIS
Weigh the financial implications of adopting or investing in a technology against the potential benefits and cut unnecessary expenses.

SECURITY
Our assessment identifies critical vulnerabilities providing confidence as you build, deploy and uphold a secure database infrastructure.

PERFORMANCE OPTIMIZATION
The Fortified team of experts use an industry leading tool to analyze your database health and identify risks and opportunities for performance gains.

EXPERT ADVISORY
Having managed and optimized hundreds of database environments, our experts guide you through the process of discovery, analysis, and remediation.

EXPERIENCE A
TRANSFORMATION

INCREASED STABILITY

Enjoy the confidence of uptime reliability as database stability is boosted by up to **15%**

PREPARE TO SCALE

Expand your capacity on average of **30%** and ensuring scalability for future growth

LOWER COSTS

Drastically lower system costs and achieve up to **50%** decrease in technology expenses

GAIN EFFICIENCY

Slash resource consumption and achieve up to **40%** efficiency gains

PEACE OF MIND

Identify and shore up vulnerabilities in your data environment

RETURN ON INVESTMENT

Our experts will pinpoint opportunities to significantly save both time and money

The Right Time For An Assessment

Fortified Data's database assessments utilize patent-pending technologies quickly gauging the health, capacity, and efficiency of technology environments. This enables comprehensive database assessments that pinpoint opportunities to stabilize systems, enhance performance and reduce costs associated with inefficient queries, processes and database designs.
